ACCESS

Highway A8
exit 35 Brignoles
GPS : 43°23'40N/6°02'22E

The monastery of La Celle is a listed building belonging to the « Département du Var » since 1992. Built between the end of the XIIth century and the beginning of the XIIIth century, it is a remarkable testimony of Romanesque Art in Provence. Women from aristocratic families retired here and contributed to make it famous all along the Middle Ages. Extensive restoration work undertaken for several years has enabled the complete reconstruction of the monument.
